

Dear Students,

We are pleased to inform you about the opportunity to become a part of the **GFG (GeeksforGeeks) Batch** in your third year, which can significantly enhance your placement prospects.

Being a part of the GFG Batch may increase your probability of selection in top company roles such as:

- **Infosys DSE & Specialist Programmer (SP) profiles (₹7 LPA to ₹21 LPA)**
- **TCS Digital & Prime profiles (₹7 LPA to ₹11 LPA)**
- **HCL Tech Graduate Trainee roles (₹3.9 LPA to ₹22 LPA)**
- **Similar high-paying opportunities in companies like Accenture, Cognizant, Capgemini, and many more**

Additionally, you will benefit from:

- Interaction with industry professionals
- Higher chances of being part of industrial visits to organizations like TCS, Infosys, etc.
- Structured training guided by GFG trainers and UGI experts

Eligibility Criteria to be part of GFG Batch:

- Excellent academic performance (CGPA)
- Strong interest in coding
- Curiosity to learn competitive programming
- Dedication towards coding-based mock tests and hackathons

How to Start Preparation:

- **Start learning Data Structures and Algorithms (DSA) in your free time alongside academics**
- **Focus on Data Structures using Object-Oriented Concepts in Java/C++ or Data Structures in C**
- **First understand concepts thoroughly on paper, then move towards coding implementation**
- **Practice consistently through coding platforms, mock tests, and problem-solving**

In the previous year, selected students were rigorously trained during the 5th semester by GFG trainers and our UGI experts. The same model is expected to continue in the upcoming sessions as well.

Therefore, all second-year students are strongly encouraged to attend remaining classes regularly and give their best efforts in both internal sessional and external examinations. Your consistent performance will maximize your chances of being selected for this prestigious batch.

Make the most of this opportunity and start preparing from today.

Best wishes for your success!

Regards,

Dr. Vijay Kumar Dwivedi

Dean (Academics)
